Helping Families and Businesses Manage Conflict More Comfortably

TO: ALL CLIENTS

FROM: KEITH GROSSMAN AND DANIELLE LEVY

Thank you for choosing our law firm. Our experience helping families and businesses manage conflict more comfortably in the workplace and at home, has benefited many clients.

As knowledgeable and experienced trial lawyers, we have found many cases can be resolved with creative solutions that provide alternatives to trial. We understand not every case will be able to be settled outside of Court. In the event your case goes to trial, you can be confident we will provide strong, competent representation.

Family and Marital legal problems can be the most troubling time of your life. Unfortunately, fighting is considered the norm, which only leads to more fighting. In a workplace, conflict can become costly and inhibit production.

In addition to offering legal services, our founder, Keith Grossman is a trainer, facilitator, and Family and Circuit Civil Mediator certified by the Florida Supreme Court, as well as a Florida Supreme Court Qualified Arbitrator.

He has assisted in the creation and supervision of Court Administration's Family Law Case Management Program, which is a conflict resolution program. Keith Grossman has also presented a number of training workshops and college level classes on the topics of communication skills, presentation skills, negotiation skills, mediation skills, and meeting skills, as well as written extensively about conflict management topics.

We fully believe you are entitled to understand all settlement options available. We pledge that we will discuss all settlement options and alternatives to trial, and we will recommend them when appropriate.

Finding ways to resolve your case requires you to be open-minded, cooperative, and courageous. It takes hard work. Together, we can find workable solutions.

Sincerely,

Keith Grossman
